Cubaña is South Africa’s only authentic Latino Social Caffè and eatery which provides the service of a cocktail bar and cigar lounge with a unique flavoursome cuisine. Our focus is to be a Social Caffè and not a club or restaurant. Music is authentically Cuban for the most part, some of which is imported from Cuba. We also play your favourite commercial and Latino music later in the evening. This is the place to be if you want to have a social evening with our beautiful clientele, efficient staff and warm atmosphere. You might even catch a glimpse of a celebrity or two. Dress code is smart-casual and our policies keep the standards of our establishments high...

Cubaña started as a single cell business and within a year and a half we launched our second establishment. Many stores later, Cubaña’s winning recipe has proven itself once again. We are proud of what we have created and are only prepared to share in our brand if your passion matches ours. As Cubaña develops, so do the possibilities. We are currently looking at potential venues throughout our continent. Cubaña has also been approached to assess its viability in various other countries. Today, amongst other businesses, Cubaña is nothing less than 14 superstores strong with an application list twice as long as before. There are no limits in sight, so now is the perfect time to join and grow in this incredible company.
